SECTOR

Cross-sectoral

REGION

Middle East & Asia

CHALLENGE

- Wanted to encourage governments to create the conditions to accelerate green investment in Bahrain, Egypt, Kuwait, Iraq, Oman, Qatar, Saudi Arabia, and the United Arab Emirates
- Needed to classify and recommend the right mix of financial and economic tools, as well as enabling conditions, to suit the local context and mobilise sustainable and just finance

ACTIONS

- Led a team to review over 150 secondary sources
- Interviewed 25 finance experts from across the region
- Analysed each country's context to determine which tools and enablers would most effectively mobilise green finance
- Authored the study and integrated feedback from reviewers
- Oversaw the summary report design process
- Shared results to regional stakeholders individually and through a launch event at MENA Climate Week 2022

RESULT

- The report remains a landmark study on the tools and enablers that should be pursued by individual countries and regionally
- HSBC uses the study as a key source of thought leadership
